LinkedIn <https://www.linkedin.com/in/rakshit-saxena-5122a11>

Keen on approaching real-world problems that can be solved through computer science. Interested in software development and artificial intelligence. Hardworking and diligent team player with a thorough method to overcome complex obstacles. Willing to do something for humanity to survive and become an advanced civilization.

Skills

SQL
Machine learning
Python
Algorithms and data structures
Git
Java/C/C++
Computer networks
Cloud Computing

Work History

2021-05 - 2021-07

Data Science Intern

The Sparks Foundation, Singapore

- Data cleansing and wrangling
- Labeling using cluster methods
- Feature selection
- Hyper parameter tuning and conducting performance measures on different classification models.

Education

2018-09 - Current

Bachelor of Science: Computer Science

Lakehead University - Thunder Bay, ON

- Dean's List [Year 2020-21](#)
- Relevant Coursework Completed: [Web Health Informatics](#), [Cloud Computing](#),

Topics Artificial Intelligence, Algorithm Design and Analysis, Big Data, Cryptography.

Certifications

2022-01

IBM Data Science Professional Certificate
